Dolly = 2 sheepskin seating pads + 1 DollyPop.

Dolly is made out of one sheepskin, it is a beautiful option for our glossy PicNik versions. DollyPop is for use with white wine and champagne bottles and fits on most bottles.

DollyPop helps your cold bottles stay cold longer in summer, but likewise it will keep a bottle of red wine stay at a perfect temperature in a cold environment. DollyPop is for use with white wine and champagne bottles. Unfortunately, some champagne bottles might not fit although DollyPop has been made to fit most popular bottles.
